

Grant Hope for the Future

Benefits of a Donor-Advised Fund

A donor-advised fund (DAF) is like having a savings account for charitable gifts.

DAFs offer many benefits, including tax savings, which makes them very popular for managing philanthropy. Grants from a DAF can be given in any amount, at any time, making it an easy way to have an immediate charitable impact.

Your Impact

If you have a DAF, the Orlando Health Foundation can be selected to receive grants from your fund. Your support will help bring hope, healing and compassion in the lives of the communities we serve.

Here is information you need to direct a grant towards Orlando Health Foundation:

Orlando Health Foundation, Inc.
Federal Tax Identification Number:
59-2244943

Succession Planning

With a DAF, you have the ability make an impact during your lifetime while also having the opportunity to leave a lasting legacy. By creating a succession plan for your fund, you may have the flexibility to:

- Designate a charitable beneficiary such as Orlando Health Foundation to receive all or a portion of the remaining assets
- Appoint a loved one as successor and advisor of the fund

Consider including Orlando Health in your succession plans to impact the future of medical excellence in the Central Florida community. We encourage you to consult with the sponsoring agency of your DAF to learn more about the succession planning options available to you.

Contact us to discuss your impact at Orlando Health:
